

CANADA ANSWERS CALL Parliament Supports Premier's Policies

'JOCK'S WAGGIN' TONGUE

Vol. 3 Thurs. Sept 14 1939 No. 32
Jock McIntyre, Editor

It seems that with Canada sending troops, ammunition and a hundred million dollars to Great Britain in this her troubled time that some one should do some explaining why Britain has seen fit to curtail the amount of Canadian wheat to be used by their millers for milling to 10 percent when the average has been 30 P. C. and in Scotland 80 percent. We can understand why they might want to use Rumanian wheat but to talk of using cheap Argentine and U. S. wheat is hard for we in Western Canada to understand especially when the same paper that tells us that, announces dozens of new taxes imposed by our Govt. to aid Britain. We are all for putting an end to Hitlerism but lets not put an end to Western Canada at the same time.

The worlds of wonders never ceases. Champion had a runaway last week the first for 10 years or more. The grey charges made a mad bolt for liberty and only the heroism of W. Lasacison and Joe Fath saved the day. They were so fast even Fred Watts couldnt stop them.

The new Oakland coal heaters are just what you have been looking for in a coal heater. See them they are the berries!

Our Greetings and best wishes to Thora and Bob. Lets hope their ride through life is not as rough as their ride in the old model T Ford was.

One only - used light delivery Chevrolet at a clean up price.

Harry Voisey was a visitor in the district last week end he was taking Dad back to the coast after a visit with him at Cranbrook. Harry is looking good and reports business good in B. C..

Now that the crop is off you will be needing an electric fence. We handle the Matlock and Paramount and both are leaders in their own line.

Mark Diemert and Herb Williams are in the district looking after their interests and visiting friends.

We have some exceptionally good buys in used 2 volt battery radios. If you are interested let us show them to you.

Kingston Ont. reports a skunk at large in the basement of St. Georges cathedral that is causing some concern. It seems to us there is also some skunks at large in old Europe that we hope the Bull Dog will be able to catch up with very soon.

Bird Season will soon be open ing and we have in stock a complete line of Dominion and Super X shot shells. Let us supply your requirements there is no price increase.

Harmony Council Minutes

The regular monthly meeting of the Council, of the Municipal District of Harmony 128, was held in the Municipal Office on the above date, all members with the exception Councillor Hopkins were present, and Reeve Griffin occupied the chair.

The minutes of the previous meeting were read and on motion of Councillor Ellis, same were adopted.

Carried
Councillor Matlock moved that the Secretary get in touch at once with the Public Administrator at Edmonton, and ask for a complete statement of the assets and liabilities of this applicant H. Schanbals, seeing that the Government disposed of all his goods and Chattels and now the Municipality has been approached for relief.

Carried
The Council again took up the matter of H. Schanbals and on motion of Councillor Ellis it was decided to send him to the Eventide home at Gleichen, until May 1940.

Carried
The matter of hospital accounts was next discussed by the Council, and Councillor Matlock moved that the account from the Carmanagay Hospital re Mrs Ed Selland be returned, with instructions to collect same Ed Selland

Carried
Secretary was instructed to communicate with R Brandt in respect to his indebtedness on hospital accounts and to demand that this account be taken care of

Carried
Secretary was also instructed to return hospital account to Carmanagay hospital re Freda Baldi, this to be taken care of by her parents.

Secretary presented a list of accounts, and on motion of Councillor Hagerman same were approved for payment as amended.

Carried
A discussion arose in respect to people employed by the Municipality issuing orders on the local merchants. Reeve Griffin drew attention to the council, that a minute was on the books prohibiting this, and in the future no orders on the Municipality will be accepted.

Councillor Matlock moved that the secretary provide the Registrar with the necessary documents, approving transfer of the E 17 1423 4 to the Central State Bank, state Centre Iowa

Secretary read a communication from the relief department in respect to issues for the years 1939-40. Council Mix moved that the secretary make the necessary application for assistance as in previous years.

A discussion arose in respect to relief of Fred Roh, and the Secretary was instructed to reply to the City of Calgary and denounce any responsibility of this family.

The council next discussed a complaint from the Smith Mine in respect to taxes, it being pointed out that the old Tiple had not been used for three years, also that a dwelling was destroyed by fire, and that the Assessment had never been adjusted. After a discussion Councillor Ellis moved that the Secretary be authorized to make necessary adjustments as follow Determine the assessed valuations of Tiple and to cancel taxes for 1937 1938 and 1939

In respect to the building, same to be adjusted for 1939 carried.

Canada Declared War On Sunday — New taxes imposed to meet budget — Favorable reaction from Canadian public.

Canada declared war on Sunday, the proclamation being published in Canada Gazette over the signature of King George, Lord Tweedsmuir and Prime Minister King. It was the first time that Canada asserted her full national status by making a declaration of war.

Earlier the House of Commons and Senate had adopted the policy of the government, particulars of which will be found on page two. Only the veteran C.C.F. leader stood to oppose the passage in the Commons.

Having declared war the government immediately submitted their plan for financing same, asking for 100 million dollars, which they received. The special war budget also passed the Conservatives again co-operating with the government to secure its fast passage.

Tax changes may be summarized thus:

All business to pay excess profits tax. War Surtax of 29 percent of tax payable on individual incomes beginning with 1939.

Corporation income tax increased from 15 to 18 percent.

Corporation consolidated returns tax increased from 17 to 20 percent.

Sales tax will now apply to domestic electricity and gas bills.

Excise duty on domestic spirits increased from \$4 to \$7 per gallon. Excise duty on imported spirits from \$5 to \$8 a gallon.

Excise duty increased \$3 a gallon on domestic and imported brandy.

Excise duties heavily increased on

beer and malt.

Excise duty on cigarettes increased \$1 per 1000.

Excise duty on tobacco increased five cents a pound.

Excise tax on all wines doubled.

No change in sales tax.

New excise tax two cents a pound on aerating preparation for soft drinks.

Customs rates on tea from five to ten cents a pound.

Custom tariff rate on all imported coffee increased 10 cents pound under all tariffs.

SCHOOL BOARD

Awards Contracts

Monthly meeting of the school Board of Champion was featured by the awarding of tenders for the school supplies including paper and chemical replacements. Mr Thomas has prepared a list from various firms, Champion Pharmacy and The Chronicle received the order for items which they best could supply the Board.

It was decided to sell some furniture secured from the teacherage rather than have it stored. A public sale will be held.

A motion by trustee Maxwell to change the rule forbidding the entrance of primary pupils unless they were 6 years of age before November 1st, was lost. Mr Maxwell felt that it worked a hardship on some having to miss a

Branch of Red Cross Organized Here

At a representative gathering of residents of Champion and district held in Campbell's hall on Monday night a branch of the Canadian Red Cross was formed with officers elected with an expressed willingness on the part of those present to support the movement.

Officers selected by a nominating committee and approved of by the meeting were as follows: President H T Lamont, Vice Pres. Robert Gardiner, Secretary Clark Rhodes, Treas U S Alexander.

A meeting will be held on Monday when a decision will be made on a membership fee and other matters. This meeting will be at eight o'clock

whole year. He suggested January 1st as the better date. Other members stated that the matter had been given full consideration before the rule had been set and that it was not wise to make changes which might invite further requests for adjustments. Two pupils started this week will be requested to withdraw until proper age is attained.

Many matters of routine nature such as collection of taxes, insurance, van driving and the like were discussed

This photograph illustrates what the Alberta Junior Wheat Clubs, sponsored by the Alberta Wheat Pool, are accomplishing throughout the grain area of the Province.

The picture shows the Sharpe twins, Don and Dean, twenty-year-old sons of Mr and Mrs. W. R. Sharpe, of Munson, with their wheat plots.

District Agriculturist, A. J. Charnetski, who inspected the plots recently, gave them 99 per cent marks — almost perfect farming.

The young farmers are members of the Drumheller Junior Wheat Club.

Your Country Needs You

With the declaration of war on Sunday Canada is now committed to engage in a conflict which may be prolonged and have a far reaching affect upon our civilization. It is therefore more important than ever we unite for the preservation of that which we hold dear.

It is the duty of every citizen irrespective of race or religious creed to do his or her share. It is stressed that our efforts should be well planned. Enlistment in the regular army of those not one hundred percent physically fit proves a handicap rather than an aid to the country. By careful planning every man and woman can however be given a place in the service of the country. The individual knows how best he can serve his country and the appeal has gone out by Premier King in the name of the nation that every Canadian assist in the work of winning freedom from aggression.

Locally the peoples of this area can do much. A Red Cross society was organized in Champion this week and no doubt others will be brought into being in Curmangay and Barons. There is definite work to be done in that organization.

This is a distinctive agricultural district and if there is any area in Canada which can as a district rise to the occasion it is this and we feel that before an other spring come some definite policy will be found for the good of the state. We shall have definite proposals to make in this regard later on but we just want to point out that sacrifices must be equitable and most effective.

Every household can do their share and with united action there is no doubt but that our contribution will not only be acceptable but of inestimable help to our country.

A Newspapers Duty

In a leading editorial The Toronto Globe and Mail point that it was only a short time ago that newspapers were under fire for publishing news about developments in Europe. It was charged that they were impeding economic recovery. Now people have a different view and realize the value of publicity as compared to secret diplomacy.

The truth is that the newspapers of Canada have a high sense of their responsibility to the public and in the days to come will continue to maintain the best traditions of journalism in the days of triumph and in the dark days when hope seems all but gone.

As editor of this paper we shall feel it our duty to serve out fair Canada by co-operating with the Dominion Government and other forces engaged in the national effort to win the war. We shall endeavor to keep in close touch with affairs as it affects not only the nation but this district bringing such facts to the attention of our readers as we believe is of vital importance.

Government Policy

The following is the policy of the government as announced by Rt. Hon. W. L. MacKenzie King, and adopted by the House.

Addressing a crowded house, with unprecedented throngs filling the galleries to overflowing the prime minister reiterated his declaration of last March that his administration would not introduce a conscription measure. "Defence and security of Canada is the primary task and responsibility of Canadians he said.

Co operation with the empire as proposed by the government would be in defense of gulf and river St. Lawrence, the Atlantic coast, Newfoundland and the coast of Labrador and the French territory on the gulf. Mr. MacKenzie King said We will not only be defending Canada but will also be helping Great Britain and France by enabling

them to concentrate their energies more in those parts of the world in which their own immediate security is at stake", the prime minister said.

SEND AIR ARMY

While dispatch of an expeditionary force would await later consideration, the prime minister said expansion of naval and air training and the dispatch of personnel as the most effective immediate co-operation would be proposed at once.

The British government in reply to an inquiry we have made have indicated their agreement this would be most effective and desirable means of co-operation" he stated.

Other forms of co-operation would be the application of economic pressure. Regulations would be imposed with regard to trading with the enemy, enemy merchant shipping and enemy property.

Parliament is here to decide the matter of peace. The government have made their decision as to what their policy is, they have announced their policy, and it is for this house to whether or not they stand behind the government's policy.

Measures for the training and dispatch of trained air personnel as the most immediate and effective co operation with Great Britain will be proposed by the government.

The present government believe that conscription of men for overseas service will not be an effective step. No such measure will be introduced by the present legislature.

If the house will not support us in these policies it will have to find another government.

The primary task and responsibility of the people of Canada is the defence and security of Canada.

Profiteering must and will be rigidly controlled.

Question of an expeditionary force or units for service overseas is particularly one of wide reaching significance which will require the fullest examination.

DEEP-ROOTED IN FRIENDLY SOIL!

A great tree gains its stature, builds its strength and bears its fruit through years of growth in friendly ground. So do the enterprises of man.

Like the great tree, the co-operative ideal has taken deep root in Alberta soil and is growing stronger each year.

Alberta Pool Elevators has risen to a position of predominance because of its adherence to the co-operative ideology, its alertness and energy in advancing farm interests, and its open policy of doing business.

The co-operative way of grain marketing is the correct way, the system is essentially sound and it should be extended and strengthened.

Farmers can gain power, prestige and added security only by developing their own co-operative businesses.

Alberta Pool Elevators is a purely Alberta Farmer-owned co-operative.

Your patronage is respectfully solicited.

LOCAL LETTER CAUSES COMMENT

The Chronicle has been asked to publish the following letter appearing in the Calgary Herald;

Mr Doyle of Champion's letter, complaining of the increase of his school taxes from \$15.33 in 1937 to \$56.22 in 1939, will evoke the sympathy of most of his fellow Albertans. It may

however be some consolation to Mr Doyle to remember that he is contributing to the fulfilment of the prophecy contained in the book of Daniel Ch. 11 verse twenty: "Then shall stand up a raiser of taxes in the glory of the kingdom." The prophecy in the second part of the verse — "but in a few days he shall be destroyed, neither in anger nor in battle" — is expected to be fulfilled this year.

Other prophecies in the same chapter which have been fulfilled or are expected to be fulfilled shortly are: verse 24 "He shall enter peaceably upon the fattest places of the province", verse 28, "Then shall return in to his land with great riches."

Pay For Soldiers

The pay of Canadian troops on active service is higher today than in 1914. Instead of \$1.10 a day paid during the Great War, soldiers of the non permanent active militia now being called out on active service will receive \$1.30. This rate was announced by the defence department recently.

This is the pay of the private soldier. If he has dependent the additional amount payable to his wife (or female relative who has been responsible for the care and management of his home prior to his enlistment) is \$35 a month. For each dependent child the soldier will receive an allowance of another \$12.00 a month.

The dependents allowance is contingent upon the soldier assigning \$20 a month of his own pay to his wife, or to the female relative who cared for his home.

A dependent son is eligible for the \$12 a month up to the age of 16, and a dependent daughter up to the age 17. These limits do not apply, however, in the case of a child unable through physical or mental infirmity to provide for his own maintenance.

On that scale the family of a private soldier, with a wife and three children would receive \$91 monthly. This is made up of the \$20 which the soldier assigns from his own pay of \$1.30 a day, \$35 for his wife, and \$36 for the three dependent children.
